

Penn State Harrisburg is offering a six-week graduate course, **CE 549 “*Bridge Engineering I*”**, this summer. The course emphasizes exclusively on LRFD method as related to bridges. Both AASHTO and PennDOT practices will be covered including the use of PennDOT LRFD computer programs. For more course information, please contact the instructor, Professor Y. Frank Chen, Ph.D. & P.E., at [ycx2@psu.edu](mailto:ycx2@psu.edu) or (717) 948-6146. Class will begin on May 19, 2009. Course registration has begun and seats are limited. Early registration is highly recommended. **For registration, call (717) 948-6020 or visit <http://www.registrar.psu.edu/student>.**
